

# Siilinjärven Perheentalo opens again on tuesday 2.6.

After government updates Finland's coronavirus strategy, Siilinjärven Perheentalo starts activity again. We will closely monitor the coronavirus information and we are ready to take necessary changes if the situation warrants this. **Summer openings: 2.6.-17.7.2020**

- There are some limitations: **Only 30 persons can be in Perheentalo at the same time and one family can visit in Perheentalo only two hours.** This is how we make possible your safety and that as many as possible can visit at the Perheentalo.
- **You have to be healthy when you come in Perheentalo.** If you have a little flu or else, you should not come. Also if you have been sick, stay home necessary recovery time.
- **We clean more often and do disinfection in Perheentalo.** We have limited the number of toys so the cleaning can be easier.
- **Wash your hand with soap and use disinfectant more often than usually.** You have to wash your hands every time you come in Perheentalo, after toilet, before eating and also several times during the visit.
- **Take your own food with you.** Kitchen and the dishes are available.
